LOCAL CHAPTER FUTURE FARM- ERS OF AMERICA ORGANIZED

In a meeting of twenty-three vo-
cational agriculture students of Hon-
do High School Tuesday, July 16, at
5 P. M. in the Science room of Hon-
do High School, the Hondo Chapter of
Future Farmers of America, national
organization of students of voca-
tional agriculture, was organized and
tentative plans made for future ac-
tivities. The session was opened by
Mr. Clifford Sadler, recently elected
teacher of vocational agriculture,
who also explained the history and
aims of the organization to the group
of interested students.

Courses in vocational agriculture
under the National Vocational Edu-
cation Act were first established in
the United States in 1917, and with
the growth of enrollment in the
courses and the desire of the mem-
bers to form clubs among themselves,
the idea came to form larger organi-
zations, banded together for the wel-
fare of all and to do things in an or-
ganized way. Between 1923 and
1928 a number of States actually
formed organizations of vocational
agriculture students. Their spread
work encouraged other States to fol-
low their example, the clubs appear-
ing under various names, such as
"Junior Farmers", "Young Farmers",
etc. It was the pioneer efforts of
the Future Farmers of America, how-
ever, that attracted widespread at-
tention and gave the greatest im-
petus to the national organization.

The Southern region followed closely
upon Virginia's pattern, and in 1927-
1928 the Western states heeded the
call, and from them came the sug-
gestion of formulating the Future
Farmers of America, and of launch-
ing it as a national organization of
the boys studying vocational agricul-
ture. Since the first National Con-
vention of the organization in No-
vember 1928, the F. F. A. has grown
in size and in interests. The local
Chapter is one of many hundreds of
such organizations; our neighboring
school of Yancey has for several
years been an active member of the
national organization.

Election of officers followed, each
official taking over the duties of his
office as elected. Hugo Schweers
was elected president of the local F.
F. A., with his executive committee
as follows: Bob Zerr, vice-president;
Henry Bendele, secretary; John Zerr,
treasurer; Hugh Meyer, reporter;
Thomas Danie, Farm Watch Dog;
Mr. Sadler, Advisor.

In the business that followed, it
was decided that the club meet once
every two weeks, on the first and
third Fridays of each month, the
meeting hour to begin at 8 o'clock
P. M. Mr. Sadler, as Chairman,
James Rihn, Hugh Meyer and Harvey
Renken were appointed as a commit-
tee to secure equipment for the
meeting place of the Chapter.

As activity of a recreational na-
ture for the members, it was voted
that the Chapter enter a soft ball
team in the Hondo Soft Ball League,
arrangements for entry into the
league to be made at the next meet-
ing.

Charter members of the Hondo
Chapter are: Henry Bendele, Milton
Bohmalk, John Cameron, Thomas
Danie, James Gray, Chester Heyn,
Marvin Koch, Olen Koch, Marvin
Leinweber, Hugh Meyer, John Mum-
me, Walter Nester, J. P. Ney, Harvey
Renken, Jimmy Rihn, Bonnard Rothe,
Burnell Rihn, Jack Speece, Murrell
Stiegler, Bob Zerr, John Zerr, Hugo
Schweers, and Mr. Clifford Sadler,
Advisor. The male members of the
faculty of Hondo High School for
the school year 1935-1936 will be
extended the courtesy of honorary
membership in the Chapter. All boys
entering the Chapter following this
meeting will be subject to initiation.

As the Vocational Agriculture de-
partment is being introduced for the
first time this year in Hondo High
School, it is expected that as the
boys become more familiar with the
course and as a desire is created for
farming as a vocation, under the ex-
pert guidance of the enterprising Mr.
Sadler, the local F. F. A. Chapter will
have a large membership and a wide
variety of interests.

The next meeting of the Chapter
will be Friday, July 19, at 8 o'clock.
All students of Hondo High School,
and all others who are interested in
taking an agriculture course which
will be taught outside of school by
Mr. Sadler, are asked to attend.

MEETING CALLED AT YANCEY.

Next Tuesday, July 23rd, at 8 P.
M., a meeting of all who are inter-
ested in cooperative marketing of
broccoli, corn, hedges, or any other
farm products, has been called for
the purpose of discussing ways and
means of selling the above crops to
the best advantage. We invite our
local rehabilitation supervisor to be
present, to give us all the aid in get-
ting rid of our produce. There will
probably be others who will be able
to give us some advice as to cooper-
ative marketing. Do not fail to come.
The meeting will be held at the Yan-
cey School auditorium.

COMMISSIONERS' COURT.

The Commissioners' Court of Me-
dina County met in regular session
Monday, July 8th, with all members
present. Several individuals appear-
ed before the court, regarding raises
of assessments on property. The court
ordered the assessment to stand as
raised.

Dr. I. E. Barr, Inspector B. A. I.
of San Antonio, appeared before the
court and explained the campaign be-
ing prosecuted by the Government re-
garding the testing for tuberculosis
among cattle. It was ordered that
each commissioner interview the
stockmen and that the court will de-
termine later as to whether to carry
on the work as suggested by the Gov-
ernment.

By application made and by agree-
ment of the property owners the fol-
lowing was declared to be an open
30-foot public road: Beginning at the
Wm. Reitzer gate on the Castroville-
Quihi Road, thence north from the
Reitzer gate to the Joe Tschirhart
residence a distance of about one
mile.

It was ordered that the sum of
\$100.00 be paid by the county out of
the general fund, towards paying the
attorneys fee for the attorneys rep-
resenting that faction in whose favor
the School Bond Election Contest, in
Common School Dist. 1, is decided.
Said sum shall be paid upon final
disposition of the case towards de-
fraying the attorneys fee of the side
proving that they were in the right.
The county shall in no wise be re-
sponsible for any costs, nor for any
sum exceeding said sum of \$100.00
thus contributed as attorneys fee to
said winning side. It is the opinion
of the court that it will be to the in-
terests of the entire citizenship that
said matter be finally decided and
the law settled regarding the quali-
fication of voters.

The court having no more business
adjourned for the week.

WORTHY MATRON ENTERTAINS.

Mrs. Robert Kollman, Worthy Ma-
tron of Hondo Chapter No. 404, Or-
der of the Eastern Star, assisted by
her husband, Robert Kollman, enter-
tained at their home on Friday night,
July 12, honoring the new officers of
the Chapter. The garden was the
scene of this delightful party.

The wishing well, cacti beds and
fish pond were made of cobble
stones. The trellis that formed the
walls of the garden was entwined
with blooming honeysuckle vines
which added beauty and fragrance
to the enchanting scene. Lights were
swung over the entire garden, mak-
ing it as bright as day. The moon-
light sparkled on the pond, the air
was full of the fragrance of flowers
and it was presumably one of those
nights when everybody should be
glad to be alive. To the rhythm of
insects, the blending of gay voices,
and the shuffling of dominoes, the
guests revelled through many happy
hours in this beautiful garden.

Delicious refreshments of punch
and sandwiches were served by the
hostess, assisted by Mrs. Cureton and
Mrs. Starnes. Mrs. Kollman was a
charming hostess and good cheer and
merriment held sway. The honored
guests were Mr. and Mrs. Earl Cure-
ton of Sabinal, Mr. and Mrs. Garland
Martin, Mr. and Mrs. Earl Starnes,
Mesdames Ed. Convey, Marvin
Schweers, Henry Windrow, T. C.
Barnes, J. R. Chancey, E. J. Lein-
weber, V. P. King, R. W. Speece,
Barnitz Carie, F. L. McWilliams,
Nookie Bendele, Misses Maggie Cam-
eron and Erna Wiemers, and the host
and hostess, Mr. and Mrs. Kollman.

NEW FOUNDATION NOTES.

May our church bear in mind that
Sunday, at 10:45 A. M., Bro. Buchan-
an, our Presiding Elder, will preach
for us. After the services we will
hold the business session of the Con-
ference. We will take the Lord's
Supper during the morning services.
May every member who was confirm-
ed and received into the church a few
Sundays ago, and their parents, be
present so as to take the Sacrament
together. This is a beautiful and
helpful service. May our whole mem-
bership, and any others who so de-
sire, take part in it.

Our vacation school and the school
of instruction were held. In spite of
the rain and the bad creek crossings
in the early part of the work a goodly
number attended and great inter-
est was shown. Each of the pupils
received a great deal of good from
these schools of instruction. May this
good bear more fruit in the years to
come.

We had a very fine group of child-
ren to be confirmed a short time ago.
Each of them had studied hard and
did a fine piece of work. All of us
were made happy to see every mem-
ber of the class come into the church.
May the church do all in its power to
encourage them in the new life.

Let's make Sunday a great day in
our church work. We not only urge
every member of the church, but the
public to worship with us.

H. W. GASTON, Pastor.

JOHN P. NIXON DIES.

Another landmark in Medina
County fell when death closed the
mortal career of Mr. John P. Nixon
at his ranch home near Yancey about
five o'clock Sunday afternoon, July
14, 1935. The deceased, who was
seventy-eight years of age, had been
in poor health for several years. He
had been failing rapidly in recent
months and his death was not unex-
pected.

The funeral services were held at
the Yancey Methodist church Monday
afternoon, his pastor, Rev. Banks,
conducting the service at the church.
Interment was made in the Yancey
cemetery, the Masons officiating at
the grave with their ritualistic cere-
mony, Rev. Shan M. Hull officiating
for the lodge. A very large con-
course of sorrowing relatives and
friends assembled for the sad occa-
sion.

Mr. Nixon was a native Texan,
having been born in Gonzales Coun-
ty. He came to Medina County
nearly fifty years ago and has resid-
ed here since. He engaged in farm-
ing and ranching and was an exten-
sive landholder. He had contributed
materially to the improvement of the
live stock industry in Medina County.

Mr. Nixon was twice married. His
first wife, Mrs. Dora A. Nixon, died
in 1914. Later he married Miss Mary
Rena Neal of Lytle who survives her
husband. He is also survived by two
daughters and one son, children of his
first wife. They are Mrs. W. B. Mel-
ton, and Mrs. G. C. McAnnelly and
Philip Nixon, all of Yancey. Several
grandchildren also survive.

With the passing of Mr. Nixon,
Medina County loses a good citizen,
his neighbors a helpful friend and his
family a loving husband and father.
He will be missed by all who knew
him.

This paper joins in sympathy for
those who mourn, for though death
comes in the ripeness of years that
are full of honor there are those who
need to be comforted.

METHODIST CHURCH.

Shan M. Hull, Pastor.

The pastors of the Baptist and
Methodist Churches have agreed to
conduct union service at their
churches during the remaining Sun-
day evenings through the summer;
the Baptist pastor preaching at the
Methodist Church and the Methodist
pastor preaching at the Baptist
Church; both congregations worship-
ing together. The first service was
held last Sunday evening at the
Methodist Church, with Brother
Merrill bringing the message. The
service will be at the Baptist Church
next Sunday evening and the Metho-
dist pastor will bring the evening
message. Everybody is invited and
urged to attend these union services.

applied to our benevolences.

We wish again to remind our
young people of our camp for next
week; we will meet at the Church
Monday morning at 6 o'clock with
our coats and luggage, and we shall
expect to leave at 6:30 for our camp,
which will be held at Camp Fawcett,
40 miles north of Uvalde. This will
be a fine chance to enjoy a weeks
outing for a nominal sum. Young
people between the ages of 12 and
23 will be eligible to go to the camp.
If there are those desiring to go who
have not given in their names, they
will please do so not later than Satur-
day; either call Miss Irene Barkuloo
or the pastor. See Miss Irene and get
one of the camp programs, so that
you will know what to take.

TAX-INFESTED NATIONS.

The American citizen who regards
our tax burden with equanimity
merely because it is less than that
visited on some European countries,
may be due for a rude awakening.

An exhaustive survey of national
budgets throughout the world, made
by the New York Trust Company,
shows that the tremendous increase
in our public debt caused by emer-
gency spending is likely to burden us
with greater taxes than those of any
European nation in paying the ulti-
mate cost of the measures taken to
cope with depression.

In other words, THE SPENDING
OF THE PAST FIVE YEARS TO
BANISH DEPRESSION ARE LIKELY
TO CONTINUE DEPRESSION
INDEFINITELY because of the vast
sums that will be taken out of the
future national income to pay the
bill! It is the old story of nations
which have attempted to spend them-
selves into recovery—and have then
found that recovery was getting far-
ther away all the time.

ANNUAL SUMMER CAMP FOR SOUTHWEST TEXAS BOY SCOUTS OPENS AUG. 1st.

Yep! Old Camp Fawcett will ring with the merry shouts of that "Old Gang of Mine", Thursday morning, August 1st. The date is set, the cooks are employed, the Camp well and water has been tested, the pump has been fixed, the "Ole Swimming Hole" is finer than ever, 350,000 gallons of water a minute is rushing thru, as pure and clear as a crystal. Zack Grey writes from the University of Texas, "I'll be in camp by July 29th, and have the water front in good shape. Tell the gang to all meet me there August 1st."

Just think of it! Already nearly a hundred Scouts have indicated they would be at Camp Fawcett this year. We are to have that fine bunch of "singing Scouts up Lamesa way" with us again, and they are bringing us a lot of Campfire surprises. A Scout Troop moving in to Garner Park CCC Camp have several Eagle Scouts some of which will want to camp with us writes their Scout Field Commissioner. Yes, sir, we are going to have a real camp, a seven-day period, then 4 days, making 11 days in all. Zack says it takes that long to finish the Red Cross Life Saving Course. So fellows plan to stay the whole period. The camp fee is about 75c per day.

Scouts have indicated they will come from Del Rio, Uvalde, Crystal, Eagle Pass, Hondo, Carrizo Springs, Sanderson, Leakey, Rocksprings, Camp Wood, Sabinal, Asertown, Knippa, Brackettville, Lamesa, Kennedy, and a few other towns. Write to Boy Scout Headquarters, Uvalde and tell us how many are coming from your town. Come as a lone Scout from your Community if no others plan to come.

COLLEGE "KIDS" SOLVE MURDERS.

Kent Taylor and Arline Judge are the amateur detectives who ferret out the fiendish killers in Paramount's thrilling "College Scandal", which comes Monday and Tuesday to the Colonial Theatre. Taylor and Miss Judge head the cast of "College Scandal" which blends the elements of the shocker, comedy and romance into fast-paced entertainment. Taylor is in love with Wendy Barrie who seems mysteriously implicated in the double campus murder; Miss Judge loves Eddie Nugent who is marked as the third victim. The killer, a super-criminal, eludes them at every turn, but they track down the criminal through the inevitable clues. An exciting chase and rescue brings the picture to a climax.

Better come; you might find your way to Him, and eternal hope. At the evening hour, our Methodist friends will join us in a union service. Pastor Hull will preach. Let us have a popular attendance, full of Christian enthusiasm and hope. R. W. MERRILL, Pastor.

AMUSEMENT ACES MAKE FILM.

Like a roster of "who's who" in America's amusement circles reads the list of those who had a hand in fashioning "George White's 1935 Scandals" showing currently at the Colonial Theatre. George White himself directed the entire show, Jack Donahue, another Broadway favorite, directed the dances; Charles LeMaire designed the 1,000 costumes; the six songs in the show were specially composed by Jack Yelen, Herb Magidson, Joseph Meyer, and Cliff Friend, all known for their song successes. In the cast are such magnets of the show world as Alice Faye, James Dunn, Ned Sparks, Lyda Roberti, Cliff Edwards, Arline Judge, Eleanor Powell, Benny Rubin and Emma Dunn.

AN OLD ROMAN LAW AND ITS PRESENT DAY SIGNIFICANCE

There was an old Roman law relating to bank deposits to the effect that a depositor who left his money only for safety ranked before a depositor who received interest for his money.

Today, in America, each of those depositors is protected against loss in insured banks. Whether or not their funds earn interest makes no difference. All depositors of an insured bank, share in the benefits of Deposit Insurance.

G. D. Sittre was down from the John Schuehle ranch Wednesday. Mr. Sittre says prospects are good for lots of game this coming season, there being many young deer, turkey and quail on the ranges.

Farmers report boll weevils extremely active despite the warm weather. Not only are the squares being punctured almost as fast as formed but where a young boll is formed it too is soon filled with eggs of these prolific pests.

Sheriff and Mrs. C. J. Schuehle were called to Corpus Christi Sunday to the bedside of their son, Otis, who has been seriously ill with an acute form of tonsillitis. Mr. Schuehle returned the first of the week, leaving Mrs. Schuehle with Otis and wife in Corpus.

Horace Bradley this week sold his home on the highway in the west part of town to Ernest Boehle. Mr. Boehle is an employee of the Sinclair Oil Company and we understand will move into his new home soon. We do not know Mr. Bradley's plans for the future.

Among realty deals in Hondo during the past week was the purchase from the Monkhouse estate of the Monkhouse home in the south part of town by J. H. Burgin. We understand Mr. Burgin will move from Yancey to his new purchase in the near future.

Mrs. Fanchita Thompson was out from San Antonio the first of the week to help her mother, Mrs. C. W. Gilliam, off to Marlin. Mrs. Gilliam, who has been a sufferer for several years from rheumatism, had taken a turn for the worse and she was hurried back to the Marlin wells where she has found relief on several former occasions. Her many friends wish her an early recovery.

William P. Blocker and family of Juarez, Mexico, V. H. Blocker, recently of French Morocco, and their mother, Mrs. V. H. Blocker, returned to Hondo Wednesday evening from an outing at Corpus Christi and a motor trip to Amarillo where they visited relatives. The Messrs. Blocker, both of whom are in the United States Consular Service, are enjoying a vacation and a visit to their mother.

Fire destroyed a large barn on the H. G. Wilson ranch below Yancey in the early part of the night last Friday. The Hondo Volunteer Fire Company responded to a call for help, but, due to the great distance, arrived too late to be of material assistance. Besides the building, several tons of last year's hay and a quantity of new broom corn were destroyed. A truck had been run into the barn late in the evening to unload some broom corn, and it is presumed that the fire was caused by the exhaust from the truck. The loss is not known.

A fine crop of broomcorn has been harvested and a fine crop of the various varieties of grain sorghums is being harvested by our farmers. So far, however, there has been found no market for either product and farmers are reported somewhat worried over the outlook. Such a situation was not to be unexpected and no one should become panicky over it. In the harvest slump it is the wise thing, where possible, to be in no rush to sell but store in a safe way and hold until the market has a chance to react—something it always does, eventually if not soon.

RANCH CELEBRATION.

Eagle Eyrie Ranch
Bandera, Texas,
July 12th, 1935.

Mr. Fletcher Davis,
Hondo, Texas,
Dear Friend:

On Sunday, July 28th, 1935, we are celebrating the opening of 838 acres of as picturesque mountain ranch near Bandera, as can be found, and making of it a free, public playground. For two months we have worked trying to make a passable road into the ranch and spring at center of proposed playground, as well as driveways about, leading you to points affording some of the best, most thrilling and inspiring views to be found anywhere. We want to retain this ranch in all its natural charm, beauty and instructive value, yet maintain roads, trails, etc. leading to those interesting points, and have it open to the public for such purposes, at all times.

We hope for a large crowd here, on the 28th, and feel sure you will come if possible. Hope to see a great number of Medina County people here then.

There will be no charge for admission to ranch, and it is a basket-dinner, picnic affair, so bring your eats and drinks, and use same when and where you wish; however, there will be plenty of good, spring-water, pure and cold.

Some of the best speakers in Texas, have promised to address us here then and with these natural inspirations submerging them at the time, they should deliver some worthwhile messages.

There will be music, old fiddlers contest, athletic sports and amusements, shingle-making, marksmanship contests between men armed with firearms and bow-and-arrow.

Closing the events of the day, will be an INDIAN FIGHT, staged in a cedar-brake in realistic manner. Woman and children alone in home, attacked by Indians. She defends

SOFTBALL LEAGUE RESULTS.

In the opening game of the softball league played Wednesday night before a large and enthusiastic crowd of ball fans, Leinweber's Lions captured the first game from the Red & White Specials by the score of 11 to 6.

In the second game, the Sinclair Dinos defeated the H. & H. Hot Shots 12 to 10. Both games furnished plenty of excitement; being filled with thrills and spills from start to finish. The hard hitting attack of the teams was the feature of the games, several home runs being smacked out by the different teams.

How One Man Lost 25 Pounds

John Lethaby of Portland, Ore., writes: "Have known Kruschen Salts for years in England, Africa, Brazil. I weighed 190, chest 40, waist 42. After 6 weeks with Kruschen am 165, chest 42, waist 36. It gives me pep and vigor and has kept me young."

SABINAL 2-1; HONDO 2-0.

The Sabinal Hustlers continued their drive toward the Highway 90 League playoff by taking both games of the doubleheader with the Hondo Bronchos, 2-1 and 2-0, at the local fairgrounds Sunday.

In the first game Sadler and Thornberry battled through seven scoreless innings on even terms, Hondo taking the lead in the eighth when J. Finger scored after Thornberry lost his high pop-up in the sun and counted on Holmig's infield out.

The Hustlers put on a rally in the ninth after Thornberry popped up. T. Arnmig walked and Owens was safe on an error both advancing while the ball was poorly handled by the Broncho infield and scored on Mason's two-base hit.

The second game saw Thornberry at his best in performing the iron man stunt, holding the Bronchos to two clear hits and a fluke and pitched to only 25 men. He won his own game in the eighth after Warden had singled and McNair followed with his third hit by driving in both runners. He did not walk a batsman in either game and but eight hits were made off his delivery.

This places the Hustlers in easy striking distance of the leaders. The Hustlers have won five of six games played since McNair took over the managership May 26.

QUIRI NOTES.

And my covenant shall be in your flesh for an everlasting covenant. Gen. 17:13.

"And he that is eight days old shall be circumcised"—both he that is born in the house and he that is bought with money; he who refuses "shall be cut off from his people; he has broken my covenant." Thus "my covenant shall be in your flesh for an everlasting covenant." Abraham is obedient to the Lord and carries it out; whether he understands it all, how a symbolic act, a token, can mean so much, how mortal flesh has the capacity for something eternal, how the Lord is striving to carry out His spiritual aims by material performance, all that matters little. St. Paul who calls all these O. T. ordinances about meat, drink, holiday, sabbath, etc., "a shadow of things to come", foreshadowing the body, namely Christ, and who wants no one "judged" about these matters after Christ has come, this same St. Paul speaks of a N. T. "circumcision made without hands", when he speaks of baptism. Time and again, however, he stresses the difference between the two. Circumcision is a token that signifies, baptism conveys a gift, being the vehicle of the Holy Spirit; the one works upon the outward man, the other upon the heart; one is for the seed of Abraham, the other for humanity; the one brings into relation with Jehovah, and the advantages of a chosen race, a visible organism, the other, by the regenerative start for a new creature, brings in connection with an invisible organism, i. e. the body or church of Christ; in brief, circumcision, ordained by Jehovah, is a real "shadow" pointing to the fulfillment, the salvation in Christ, baptism, instituted by Christ, cannot be another shadow, but is the sacrament that brings that salvation, that "eternal covenant". And thus St. Paul concludes, For as many of you as have been baptized into Christ have put on Christ. Gal. 3:27.

Things are rather quiet around here, more so than usually. Every available hand is busy for long hours and the perspiration rolls in streams under a scorching sun. Some seem to have too much of that harvest blessing. It's too hard on the muscles. Would they prefer the leisure of the last two dry years? Others are in danger of overdoing things. Several are sick or sickly and faint with an overdose of heat and exertion. Human nature has its limitations and little is gained by disregarding that fact. An involuntary rest period is the usual consequence. Sufficient unto the day is the evil (also the labor) thereof. But there is fine team work and co-operative spirit visible everywhere, neighbor helping neighbor in grand style. Only one drawback to this happy situation—the low prices for marketable goods for the farmer. The whole alphabet is almost used up for signifying organizations, movements, programs and what not, towards the uplift of our U. S. populace. Maybe

levied and collected to pay for the pensions. A magician may pull a white rabbit out of a hat but taxes cannot be extracted from thin air. The men and women who work for a living are going to have to foot the old age pension bill.

If the Old Age Pension Amendment is adopted every person who draws a salary or wages or gets his living from farming and other pursuits will be taxed an equivalent of \$20 each year. Government statistics show that there are 4109 men and 481 women gainfully occupied in Medina County and upon them will fall the burden of old age pension costs.

Two arguments were successfully used to pass the pension plan through the Texas Legislature. The most appealing reason was the contention that there were a sufficient number of old people in Texas who could vote without a poll tax receipt to defeat any Legislator who voted against the pension measure and it passed with only a few dissenting votes. The claim was freely made that the retirement from industry of old people on State pensions would create jobs for younger workers. The weakness of this argument is revealed when it is considered that only 3.9 percent of these gainfully occupied in Texas have reached the pension age of 65 years.

Government figures show that out of nearly 50,000 Texas school teachers only 394 are 65 years old and over. The transportation and communications industries in Texas employ 163,000 workers and only 2,556 are old enough to be eligible for the pension and similar conditions apply to practically every occupation and profession in the State.

Incorporated in
1907

This Company is licensed by the Department of Insurance of Texas. It operates on the periodic mutual plan, leaving out all high priced features found in old line policies such as Cash Values, Paid Up Insurance and so on; all of these increase the cost, but do not increase the sum paid in case of death.

The rates charged are reasonable but adequate, taken as a whole, to pay all death losses and create a mortuary fund. Under the law, 60 per cent of the gross collections is deposited to the Mortuary Fund, and can be used only to pay death losses as they are incurred and for the protection of the Fund.

Death is an unpleasant thought, but never takes a Holiday. It visits thousands of homes annually. The grief can not be eliminated, but you can relieve the financial burden by taking a policy in the "Border State Life Insurance Company" at a cost of only a few pennies per day. Why not protect each member of your family with enough to take care of the funeral in case of death? Better to have each member of your family insured for as much as \$200.00 than to have only one member of the family insured for \$1000.00.

There is no joining fee; each member has a rate governed according to the age of the Applicant at entry; such rate will remain the same. Premiums may be paid monthly; or at a discount quarterly or annually. If you are in good health we invite you to join our organization. We are paying our claims promptly and in full, according to the terms of the policy.

LOCAL CHAPTER FUTURE FARM- ERS OF AMERICA ORGANIZED.

In a meeting of twenty-three vo-
cational agriculture students of Hon-
do High School Tuesday, July 16, at
3 P. M. in the Science room of Hondo
High School, the Hondo Chapter of
Future Farmers of America, national
organization of students of vocational
agriculture, was organized and
tentative plans made for future ac-
tivities. The session was opened by
Mr. Clifford Sadler, recently elected
teacher of vocational agriculture,
who also explained the history and
aims of the organization to the group
of interested students.

Courses in vocational agriculture
under the National Vocational Edu-
cation Act were first established in
the United States in 1917, and with
the growth of enrollment in the
courses and the desire of the mem-
bers to form clubs among themselves,
the idea came to form larger organi-
zations, banded together for the wel-
fare of all and to do things in an or-
ganized way. Between 1923 and
1928 a number of States actually
formed organizations of vocational
agriculture students. Their spend-
work encouraged other States to fol-
low their example, the clubs appear-
ing under various names, such as
"Junior Farmers", "Young Farmers",
etc. It was the pioneer efforts of
the Future Farmers of Virginia, how-
ever, that attracted widespread at-
tention and gave the greatest im-
petus to the national organization.

The Southern region followed closely
upon Virginia's pattern, and in 1927-
1928 the Western states heeded the
call, and from them came the sug-
gestion of formulating the Future
Farmers of America, and of launch-
ing it as a national organization of
the boys studying vocational agricul-
ture. Since the first National Con-
vention of the organization in No-
vember 1928, the F. F. A. has grown
in size and in interests. The local
Chapter is one of many hundreds of
such organizations; our neighboring
schools of Yancey have for several
years been an active member of the
national organization.

Election of officers followed, each
official taking over the duties of his
office as elected. Hugo Schweers
was elected president of the local F.
F. A., with his executive committee
as follows: Bob Zerr, vice-president;
Henry Bendele, secretary; John Zerr,
treasurer; Hugh Meyer, reporter;
Thomas Danie, Farm Watch Dog;
Mr. Sadler, Advisor.

In the business that followed, it
was decided that the club meet once
every two weeks, on the first and
third Fridays of each month, the
meeting hour to begin at 8 o'clock
P. M. Mr. Sadler, as Chairman,
James Rihn, Hugh Meyer and Harvey
Renken were appointed as a commit-
tee to secure equipment for the meet-
ing place of the Chapter.

As activity of a recreational na-
ture for the members, it was voted
that the Chapter enter a soft ball
team in the Hondo Soft Ball League,
arrangements for entry into the
league to be made at the next meet-
ing.

Charter members of the Hondo
Chapter are: Henry Bendele, Milton
Bohmalk, John Cameron, Thomas
Danie, James Gray, Chester Heyen,
Marvin Koch, Olen Koch, Marvin
Leinweber, Hugh Meyer, John Mum-
mes, Walter Nester, J. P. Ney, Harvey
Renken, Jimmy Rihn, Bonnard Rothe,
Burnell Rihn, Zack Speece, Murrell
Stiegler, Bob Zerr, John Zerr, Hugo
Schweers, and Mr. Clifford Sadler,
Advisor. The male members of the
faculty of Hondo High School for
the school year 1935-1936 will be
extended the courtesy of honorary
membership in the Chapter. All boys
entering the Chapter following this
meeting will be subject to initiation.

As the Vocational Agriculture
department is being introduced for
the first time this year in Hondo High
School, it is expected that as the
boys become more familiar with the
course and as a desire is created for
farming as a vocation, under the ex-
pert guidance of the enterprising Mr.
Sadler, the local F. F. A. Chapter will
have a large membership and a wide
variety of interests.

The next meeting of the Chapter
will be Friday, July 19, at 8 o'clock.
All students of Hondo High School,
and all others who are interested in
taking an agriculture course which
will be taught outside of school by
Mr. Sadler, are asked to attend.

MEETING CALLED AT YANCEY.

Next Tuesday, July 23rd, at 8 P.
M., a meeting of all who are inter-
ested in cooperative marketing of
broomcorn, corn, hedges, or any other
farm products, has been called for
the purpose of discussing ways and
means of selling the above crops to
the best advantage. We invite our
local rehabilitation supervisor to be
present, to give us all the aid in get-
ting rid of our produce. There will
probably be others who will be able
to give us some advice as to cooper-
ative marketing. Do not fail to come.
The meeting will be held at the Yancey
School auditorium.

COMMISSIONERS' COURT.

The Commissioners' Court of Me-
dina County met in regular session
Monday, July 8th, with all members
present. Several individuals appear-
ed before the court, regarding raises
of assessments on property. The court
ordered the assessment to stand as
raised.

Dr. I. E. Barr, Inspector B. A. I.
of San Antonio, appeared before the
court and explained the campaign be-
ing prosecuted by the Government re-
garding the testing for tuberculosis
among cattle. It was ordered that
each commissioner interview the
stockmen and that the court will de-
termine later as to whether to carry
on the work as suggested by the Gov-
ernment.

By application made and by agree-
ment of the property owners the fol-
lowing was declared to be an open
30-foot public road: Beginning at the
Wm. Reitzer gate on the Castroville-
Quihui Road, thence north from the
Reitzer gate to the Joe Tschirhart
residence a distance of about one
mile.

It was ordered that the sum of
\$100.00 be paid by the county out of
the general fund, towards paying the
attorneys fee for the attorneys rep-
resenting that faction in whose favor
the School Bond Election Contest, in
Common School Dist. 1, is decided.
Said sum shall be paid upon final
disposition of the case towards de-
fraying the attorneys fee of the side
proving that they were in the right.
The county shall in no wise be re-
sponsible for any costs, nor for any
sum exceeding said sum of \$100.00
thus contributed as attorneys fee to
said winning side. It is the opinion
of the court that it will be to the in-
terests of the entire citizenship that
said matter be finally decided and
the law settled regarding the qualifi-
cation of voters.

WORTHY MATRON ENTERTAINS.

Mrs. Robert Kollman, Worthy Ma-
tron of Hondo Chapter No. 404, Or-
der of the Eastern Star, assisted by
her husband, Robert Kollman, enter-
tained at their home on Friday night,
July 12, honoring the new officers of
the Chapter. The garden was the
scene of this delightful party.

The wishing well, cacti beds and
fish pond were made of cobble
stones. The trellis that formed the
walls of the garden was entwined
with blooming honeysuckle vines
which added beauty and fragrance
to the enchanting scene. Lights were
swung over the entire garden, mak-
ing it as bright as day. The moon-
light sparkled on the pond, the air
was full of the fragrance of flowers
and it was presumably one of those
nights when everybody should be
glad to be alive. To the rhythm of
insects, the blending of gay voices,
and the shuffling of dominoes, the
guests revelled through many happy
hours in this beautiful garden.

Delicious refreshments of punch
and sandwiches were served by the
hostess, assisted by Mrs. Cureton and
Mrs. Starnes. Mrs. Kollman was a
charming hostess and good cheer and
merriment held sway. The honored
guests were Mr. and Mrs. Earl Cure-
ton of Sabinal, Mr. and Mrs. Gariand
Martin, Mr. and Mrs. Earl Starnes,
Mesdames Ed. Connevey, Marvin
Schweers, Henry Windrow, T. C.
Barnes, J. R. Chancey, E. J. Lein-
weber, V. P. King, R. W. Speece,
Barnitz Carie, F. L. McWilliams,
Nookie Bendele, Misses Maggie Cam-
eron and Erna Wiemers, and the host
and hostess, Mr. and Mrs. Kollman.

NEW FOUNTAIN NOTES.

May our church bear in mind that
Sunday, at 10:45 A. M., Bro. Buchan-
an, our Presiding Elder, will preach
for us. After the services we will
hold the business session of the Con-
ference. We will take the Lord's
Supper during the morning services.
May every member who was confirm-
ed and received into the church a few
Sundays ago, and their parents, be
present so as to take the Sacrament
together. This is a beautiful and
helpful service. May our whole mem-
bership, and any others who so de-
sire, take part in it.

Our vacation school and the school
of instruction were held. In spite of
the rain and the bad creek crossings
in the early part of the work a good-
ly number attended and great inter-
est was shown. Each of the pupils
received a great deal of good from
these schools of instruction. May this
good bear more fruit in the years to
come.

We had a very fine group of child-
ren to be confirmed a short time ago.
Each of them had studied hard and
did a fine piece of work. All of us
were made happy to see every mem-
ber of the class come into the church.
May the church do all in its power to
encourage them in the new life.

Let's make Sunday a great day in
our church work. We not only urge
every member of the church, but the
public to worship with us.

H. W. GASTON, Pastor.

JOHN P. NIXON DIES.

Another landmark in Medina
County fell when death closed the
mortal career of Mr. John P. Nixon
at his ranch home near Yancey about
five o'clock Sunday afternoon, July
14, 1935. The deceased, who was
seventy-eight years of age, had been
in poor health for several years. He
had been failing rapidly in recent
months and his death was not unex-
pected.

The funeral services were held at
the Yancey Methodist church Monday
afternoon, his pastor, Rev. Banks,
conducting the service at the church.
Interment was made in the Yancey
cemetery, the Masons officiating at
the grave with their ritualistic cere-
mony, Rev. Shan M. Hull officiating
for the lodge. A very large con-
course of sorrowing relatives and
friends assembled for the sad occa-
sion.

Mr. Nixon was a native Texan,
having been born in Gonzales Coun-
ty. He came to Medina County
nearly fifty years ago and has resid-
ed here since. He engaged in farm-
ing and ranching and was an exten-
sive landholder. He had contributed
materially to the improvement of the
live stock industry in Medina County.

Mr. Nixon was twice married. His
first wife, Mrs. Dora A. Nixon, died
in 1914. Later he married Miss Mary
Rena Neal of Lytle who survives her
husband. He is also survived by two
daughters and one son, children of his
first wife. They are Mrs. W. B. Mel-
ton, and Mrs. G. C. McAnnelly and
Philip Nixon, all of Yancey. Several
grandchildren also survive.

With the passing of Mr. Nixon,
Medina County loses a good citizen,
his neighbors a helpful friend and his
family a loving husband and father.
He will be missed by all who knew
him.

This paper joins in sympathy for
those who mourn, for though death
comes in the ripeness of years that
are full of honor there are those who
need to be comforted.

METHODIST CHURCH.

Shan M. Hull, Pastor.

The pastors of the Baptist and
Methodist Churches have agreed to
conduct union service at their
churches during the remaining Sun-
day evenings through the summer;
the Baptist pastor preaching at the
Methodist Church and the Methodist
pastor preaching at the Baptist
Church; both congregations worship-
ing together. The first service was
held last Sunday evening at the
Methodist Church, with Brother
Merrill bringing the message. The
service will be at the Baptist Church
next Sunday evening and the Meth-
odist pastor will bring the evening
message. Everybody is invited and
urged to attend these union services.

We will conduct a rummage sale
in the streets of Hondo this coming
Saturday; if there are those who
have anything to donate to the sale,
they will please bring it to the tent

applied to our benevolences.

We wish again to remind our
young people of our camp for next

Monday morning at 6 o'clock with
our cots and luggage, and we shall
expect to leave at 6:30 for our camp,
which will be held at Camp Fawcett,
40 miles north of Uvalde. This will
be a fine chance to enjoy a weeks
outing for a nominal sum. Young
people between the ages of 12 and
23 will be eligible to go to the camp.
If there are those desiring to go who
have not given in their names, they
will please do so not later than Satur-
day; either call Miss Irene Barkuloo
or the pastor. See Miss Irene and get
one of the camp programs, so that
you will know what to take.

TAX-INFESTED NATIONS.

The American citizen who regards
our tax burden with equanimity
merely because it is less than that
visited on some European countries,
may be due for a rude awakening.

An exhaustive survey of national
budgets throughout the world, made
by the New York Trust Company,
shows that the tremendous increase
in our public debt caused by emer-
gency spending is likely to burden us
with greater taxes than those of any
European nation in paying the ulti-
mate cost of the measures taken to
cope with depression.

In other words, THE SPENDING
OF THE PAST FIVE YEARS TO
BANISH DEPRESSION ARE LIKE-
LY TO CONTINUE DEPRESSION
INDEFINITELY because of the vast
sums that will be taken out of the
future national income to pay the
bill! It is the old story of nations
which have attempted to spend them-
selves into recovery—and have then
found that recovery was getting far-
ther away all the time.

Politics cannot be trusted to re-
verse the present trend because the
politician, far from worrying about
a tax-infested nation, continually
wants more money for the presents,
irrespective of where it comes from
or what it does to the sources of pro-
ductive wealth.

A drive is now on to tap new wells
of capital for tax revenue, by pass-
ing new "nuisance taxes", by increas-
ing the levies against estates, by

ANNUAL SUMMER CAMP FOR SOUTHWEST TEXAS BOY SCOUTS OPENS AUG. 1st.

Yep! Old Camp Fawcett will ring with the merry shouts of that "Old Gang of Mine", Thursday morning, August 1st. The date is set, the cooks are employed, the Camp well and water has been tested, the pump has been fixed, the "Ole Swimming Hole" is finer than ever, 350,000 gallons of water a minute is rushing thru, as pure and clear as a crystal. Zack Grey writes from the University of Texas, "I'll be in camp by July 29th, and have the water front in good shape. Tell the gang to all meet me there August 1st."

Just think of it! Already nearly a hundred Scouts have indicated they would be at Camp Fawcett this year. We are to have that fine bunch of "singing Scouts up Lamesa way" with us again, and they are bringing us a lot of Campfire surprises. A Scout Troup moving in to Garner Park CCC Camp have several Eagle Scouts some of which will want to camp with us writes their Scout Field Commissioner. Yes, sir, we are going to have a real camp, a seven-day period, then 4 days, making 11 days in all. Zack says it takes that long to finish the Red Cross Life Saving Course. So fellows plan to stay the whole period. The camp fee is about 75c per day.

Scouts have indicated they will come from Del Rio, Uvalde, Crystal, Eagle Pass, Hondo, Carrizo Springs, Sanderson, Leakey, Rocksprings, Camp Wood, Sabinal, Aserton, Knippa, Brackettville, Lamesa, Kennedy, and a few other towns. Write to Boy Scout Headquarters, Uvalde and tell us how many are coming from your town. Come as a lone Scout from your Community if no others plan to come.

COLLEGE "KIDS" SOLVE MURDERS.

Kent Taylor and Arline Judge are the amateur detectives who ferret out the fiendish killers in Paramount's thrilling "College Scandal", which comes Monday and Tuesday to the Colonial Theatre. Taylor and Miss Judge head the cast of "College Scandal" which blends the elements of the shocker, comedy and romance into fast-paced entertainment. Taylor is in love with Wendy Barrie who seems mysteriously implicated in the double campus murder; Miss Judge loves Eddie Nugent who is marked as the third victim. The killer, a super-criminal, eludes them at every turn, but they track down the criminal through the inevitable clues. An exciting chase and rescue brings the picture to a climax.

BAPTIST NEWS NOTES.

Quite a few of our regulars are attending the Encampment services at Alto Frio, for ten days. We wish them a profitable time. Our regular services will be held on Sunday morning, including the Bible study hour at ten o'clock. The subject will be King David. At 11 o'clock the Pastor will bring an old-fashioned Gospel message, good for every one. "I am not ashamed of the Gospel of Christ, for it is the power of God unto salvation, to every one who believes". Better come; you might find your way to Him, and eternal hope. At the evening hour, our Methodist friends will join us in a union service. Pastor Hull will preach. Let us have a popular attendance, full of Christian-enthusiasm and hope.

AMUSEMENT ACES MAKE FILM.

Like a roster of "who's who" in America's amusement circles reads the list of those who had a hand in fashioning "George White's 1935 Scandals" showing currently at the Colonial Theatre. George White himself directed the entire show, Jack Donahue, another Broadway favorite, directed the dances; Charles LeMaire designed the 1,000 costumes; the six songs in the show were specially composed by Jack Yelen, Herb Magidson, Joseph Meyer, and Cliff Friend, all known for their song successes. In the cast are such magnets of the show world as Alice Faye, James Dunn, Ned Sparks, Lyda Roberti, Cliff Edwards, Arline Judge, Eleanor Powell, Benny Rubin and Emma Dunn.

G. D. Sittre was down from the John Schuehle ranch Wednesday. Mr. Sittre says prospects are good for lots of game this coming season, there being many young deer, turkey and quail on the ranges.

Farmers report boll weevils extremely active despite the warm weather. Not only are the squares being punctured almost as fast as formed but where a young boll is formed it too is soon filled with eggs of these prolific pests.

Sheriff and Mrs. C. J. Schuehle were called to Corpus Christi Sunday to the bedside of their son, Otis, who has been seriously ill with an acute form of tonsillitis. Mr. Schuehle returned the first of the week, leaving Mrs. Schuehle with Otis and wife in Corpus.

Horace Bradley this week sold his home on the highway in the west part of town to Ernest Boehle. Mr. Boehle is an employee of the Sinclair Oil Company and we understand will move into his new home soon. We do not know Mr. Bradley's plans for the future.

Among realty deals in Hondo during the past week was the purchase from the Monkhous estate of the Monkhous home in the south part of town by J. H. Burgin. We understand Mr. Burgin will move from Yancey to his new purchase in the near future.

Mrs. Fanchita Thompson was out from San Antonio the first of the week to help her mother, Mrs. C. W. Gilliam, off to Marlin. Mrs. Gilliam, who has been a sufferer for several years from rheumatism, had taken a turn for the worse and she was hurried back to the Marlin wells where she has found relief on several former occasions. Her many friends wish her an early recovery.

William P. Blocker and family of Juarez, Mexico, V. H. Blocker, recently of French Morocco, and their mother, Mrs. V. H. Blocker, returned to Hondo Wednesday evening from an outing at Corpus Christi and a motor trip to Amarillo where they visited relatives. The Messrs. Blocker, both of whom are in the United States Consular Service, are enjoying a vacation and a visit to their mother.

Fire destroyed a large barn on the H. G. Wilson ranch below Yancey in the early part of the night last Friday. The Hondo Volunteer Fire Company responded to a call for help, but, due to the great distance, arrived too late to be of material assistance. Besides the building, several tons of last year's hay and a quantity of new broom corn were destroyed. A truck had been run into the barn late in the evening to unload some broom corn, and it is presumed that the fire was caused by the exhaust from the truck. The loss is not known.

A fine crop of broomcorn has been harvested and a fine crop of the various varieties of grain sorghums is being harvested by our farmers. So far, however, there has been found no market for either product and farmers are reported somewhat worried over the outlook. Such a situation was not to be unexpected and no one should become panicky over it. In the harvest slump it is the wise thing, where possible, to be in no rush to sell but store in a safe way and hold until the market has a chance to react—something it always does, eventually if not soon.

The market was active on best calves and light yearlings up to \$6.50 and on good butcher cows up to \$4.50. Bulls were in demand at \$3.50 to \$4.00. Yearlings over 500 pounds and in-between classes of slaughter cattle were draggy. Canner and cutter cows were also active at \$1.75 to \$2.75. RANCH CELEBRATION.

Eagle Eyrie Ranch Bandera, Texas, July 12th, 1935.

Mr. Fletcher Davis, Hondo, Texas. Dear Friend:

On Sunday, July 28th, 1935, we are celebrating the opening of 838 acres of picturesque mountain ranch near Bandera, as can be found, and making of it a free, public playground. For two months we have worked trying to make a passable road into the ranch and spring at center of proposed playground, as well as driveways about, leading you to points affording some of the best, most thrilling and inspiring views to be found anywhere. We want to retain this ranch in all its natural charm, beauty and instructive value, yet maintain roads, trails, etc. leading to those interesting points, and have it open to the public for such purposes, at all times.

We hope for a large crowd here, on the 28th, and feel sure you will come if possible. Hope to see a great number of Medina County people here then.

There will be no charge for admission to ranch, and it is a basket-dinner, picnic affair, so bring your cats and drinks, and use same when and where you wish; however, there will be plenty of good, spring-water, pure and cold.

Some of the best speakers in Texas, have promised to address us here then and with these natural inspirations submerging them at the time, they should deliver some worthwhile messages.

There will be music, old fiddlers contest, athletic sports and amusements, shingle-making, marksmanship contests between men armed with firearms and bow-and-arrow.

Closing the events of the day, will be an INDIAN FIGHT, staged in a cedar-brake in realistic manner. Woman and children alone in home, attacked by Indians. She defends

SOFTBALL LEAGUE RESULTS.

In the opening game of the softball league played Wednesday night before a large and enthusiastic crowd of ball fans, Leinweber's Lions captured the first game from the Red & White Specials by the score of 11 to 6.

In the second game, the Sinclair Dinosuars defeated the H. & H. Hot Shots 12 to 10. Both games furnished plenty of excitement; being filled with thrills and spills from start to finish. The hard hitting attack of the teams was the feature of the games, several home runs being smacked out by the different teams.

SABINAL 2-1; HONDO 2-0.

The Sabinal Hustlers continued their drive toward the Highway 90 League playoff by taking both games of the doubleheader with the Hondo Bronchos, 2-1 and 2-0, at the local fairgrounds Sunday.

In the first game Sadler and Thornberry battled through seven scoreless innings on even terms, Hondo taking the lead in the eighth when J. Finger scored after Thornberry lost his high pop-up in the sun and counted on Holmig's infield out.

The Hustlers put on a rally in the ninth after Thornberry popped up. T. Arnim walked and Owens was safe on an error both advancing while the ball was poorly handled by the Broncho infield and scored on Mason's two-base hit.

The second game saw Thornberry at his best in performing the iron man stunt, holding the Bronchos to two clear hits and a fluke and pitched to only 25 men. He won his own game in the eighth after Warden had singled and McNair followed with his third hit by driving in both runners. He did not walk a batsman in either game and but eight hits were made off his delivery.

This places the Hustlers in easy striking distance of the leaders. The Hustlers have won five of six games played since McNair took over the managership May 26.

QUIHI NOTES.

And my covenant shall be in your flesh for an everlasting covenant. Gen. 17:13.

"And he that is eight days old shall be circumcised"—both he that is born in the house and he that is bought with money; he who refuses "shall be cut off from his people; he has broken my covenant." Thus "my covenant shall be in your flesh for an everlasting covenant." Abraham is obedient to the Lord and carries it out; whether he understands it all, how a symbolic act, a token, can mean so much, how mortal flesh has the capacity for something eternal, how the Lord is striving to carry out His spiritual aims by material performance, all that matters little. St. Paul who calls all these O. T. ordinances about meat, drink, holiday, sabbath, etc., "a shadow of things to come", foreshadowing the body, namely Christ, and who wants no one "judged" about these matters after Christ has come, this same St. Paul speaks of a N. T. "circumcision made without hands", when he speaks of baptism. Time and again, however, he stresses the difference between the two. Circumcision is a token that signifies, baptism conveys a gift, being the vehicle of the Holy Spirit; the one works upon the outward man, the other upon the heart; one is for the seed of Abraham, the other for humanity; the one brings into relation with Jehovah, and the advantages of a chosen race, a visible organism, the other, by the regenerative start for a new creature, brings in connection with an invisible organism, i. e. the body or church of Christ; in brief, circumcision, ordained by Jehovah, is a real "shadow" pointing to the fulfillment, the salvation in Christ, baptism, instituted by Christ, cannot be another shadow, but is the sacrament that brings that salvation, that "eternal covenant". And thus St. Paul concludes, "For as many of you as have been baptized into Christ have put on Christ. Gal. 3:27.

Things are rather quiet around here, more so than usually. Every available hand is busy for long hours and the perspiration rolls in streams under a scorching sun. Some seem to have too much of that harvest blessing. It's too hard on the muscles. Would they prefer the leisure of the last two dry years? Others are in danger of overdoing things. Several are sick or sickly and faint with an overdose of heat and exertion. Human nature has its limitations and little is gained by disregarding that fact. An involuntary rest period is the usual consequence. Sufficient unto the day is the evil (also the labor) thereof. But there is fine team work and co-operative spirit visible everywhere, neighbor helping neighbor in grand style. Only one drawback to this happy situation—the low prices for marketable goods for the farmer. The whole alphabet is almost used up for signifying organizations, movements, programs and what not, towards the uplift of our U. S. populace. Maybe

There are a few letters left that might stand for a strong enforcement board to regulate that price-shifting that often robs the producer of his deserts for the benefit of headstrong and shrewd speculators.

levied and collected to pay for the pensions. A magician may pull a white rabbit out of a hat but taxes cannot be extracted from thin air. The men and women who work for a living are going to have to foot the old age pension bill.

If the Old Age Pension Amendment is adopted every person who draws a salary or wages or gets his living from farming and other pursuits will be taxed an equivalent of \$20 each year. Government statistics show that there are 4109 men and 481 women gainfully occupied in Medina County and upon them will fall the burden of old age pension costs.

This Company is licensed by the Department of Insurance of Texas. It operates on the periodic mutual plan, leaving out all high priced features found in old line policies such as Cash Values, Paid Up Insurance and so-on; all of these increase the cost, but do not increase the sum paid in case of death.

The rates charged are reasonable but adequate, taken as a whole, to pay all death losses and create a mortuary fund. Under the law, 60 per cent of the gross collections is deposited to the Mortuary Fund, and can be used only to pay death losses as they are incurred and for the protection of the Fund.

Death is an unpleasant thought, but never takes a Holiday. It visits thousands of homes annually. The grief can not be eliminated, but you can relieve the financial burden by taking a policy in the "Border State Life Insurance Company" at a cost of only a few pennies per day. Why not protect each member of your family with enough to take care of the funeral in case of death? Better to have each member of your family insured for as much as \$200.00 than to have only one member of the family insured for \$1000.00.

There is no joining fee; each member has a rate governed according to the age of the Applicant at entry; such rate will remain the same. Premiums may be paid monthly; or at a discount quarterly or annually. If you are in good health we invite you to join our organization. We are paying our claims promptly and in full, according to the terms of the policy.
